

Please do not LPFM stations to take priority over current translator service. I am writing specifically concerning K-LOVE radio in Omaha, NE. This is the most wonderful radio station that my family has ever experienced. I can allow my kids to listen to anything on the station without worrying about them hearing songs with bad lyrics or sexually descriptive lyrics. K-LOVE serves me as a resident of our local community and I feel our local community would be harmed if K-LOVE were to be displaced by an LPFM broadcaster. This station (K-LOVE) is certainly in the public interest as it provides a wonderful opportunity to be blessed everyday with uplifting words and music. Please allow K-LOVE to support wholesome values and positive role models.
